

**Medicaid Provider Issue Resolution**

<b>ARBITRATION</b>	Providers who have completed the MCO dispute process and remain dissatisfied with the MCO's determination may submit a written request for arbitration. The request should include decisions from all claim reconsideration requests and claim appeals. <b>Note: Per House Bill No. 492 Act No. 349, an adverse determination involved in litigation or arbitration or not associated with a Medicaid enrollee shall not be eligible for independent review.</b>

### Independent Review

In conjunction with the above claim dispute grid, independent review is another option for resolution of claim disputes.

Louisiana Medicaid Independent Review – [IndependentReview@la.gov](mailto:IndependentReview@la.gov).

<p>Ctrl+Click logo to reach each MCO's provider website</p>						
<p><b>INDEPENDENT REVIEW</b></p>	<p>The Independent Review process may be initiated after claim denial.</p> <p><b>Note: Per House Bill No. 492 Act No. 349, an adverse determination involved in litigation or arbitration or not associated with a Medicaid enrollee shall not be eligible for independent review.</b></p>					
	<p>The Independent Review process was established by La-RS 46:460.81, et seq. to resolve claims disputes when a provider believes an MCO has partially or totally denied claims incorrectly. An MCO's failure to send a provider a remittance advice or other written or electronic notice either partially or totally denying a claim within 60 days of the MCO's receipt of the claim is considered a claims denial.</p> <p>Independent Review is a two-step process which may be initiated by submitting an Independent Review Reconsideration Request Form to the MCO within 180 calendar days of the Remittance Advice paid, denial, or recoupment date. Request forms are available on MCO websites or at the link below.</p> <p>If a provider remains dissatisfied with the outcome of an Independent Review Reconsideration Request, the provider may submit an Independent Review Request Form to LDH within 60 calendar days of the MCO's decision. Request form available at the link below.</p> <p>Effective Jan. 1, 2018 there is a \$750 fee associated with an independent review request. If the independent reviewer decides in favor of the provider, the MCO is responsible for paying the fee. Conversely, if the independent reviewer finds in favor of the MCO, the provider is responsible for paying the fee.</p> <p>SIU post-payment reviews are not considered claims denials or underpayment disputes, therefore, SIU findings are exempt from the Independent Review Process. Except per Act 204 of the 2021 Regular Legislative Session, mental health rehabilitation (MHR) service providers have the right to an independent review of an adverse determination by a managed care organization that results in a recoupment of the payment of a claim based on a finding of waste or abuse.</p> <p>Additional detailed information and copies of above referenced forms are available at: <a href="http://ldh.la.gov/medicaid/useful-managed-care-information">ldh.la.gov/medicaid/useful-managed-care-information</a>.</p> <p>For questions or concerns, contact LDH via email at <a href="mailto:IndependentReview@la.gov">IndependentReview@la.gov</a>.</p>					

**Provider Issue Escalation and Resolution**

LDH and MCOs recognize there will be instances when a provider may desire to escalate issue resolution to the attention of LDH or the MCOs’ executive teams. While the above grid is specific to claim issue resolution, the following options are available for resolution of all issue types (including claims).

Each MCO is required to maintain a Provider Complaint System for in-network and out-of-network providers to dispute the health plan’s policies, procedures, or any aspect of the plan’s administrative functions. Providers should first seek resolution with the MCO, using the MCO contacts outlined below. If a provider is unable to reach satisfactory resolution or get a timely response through the MCO escalation process, direct contact with LDH is also an option.

The following chart outlines provider complaint and escalation contacts for each MCO and LDH.

**All MCOs**

If the MCO or LDH or its subcontractors discover errors made by the MCO when a claim was adjudicated, the MCO shall make corrections and reprocess the claim within 15 calendar days of discovery, or if circumstances exist that prevent the MCO from meeting this time frame, a specified date shall be approved by LDH. The MCO shall automatically recycle all impacted claims for all providers and shall not require the provider to resubmit the impacted claims.
