

Preferred Drug List (PDL)

**New York
Essential Plan**

Effective Date: 4/1/2026

**United
Healthcare
Community Plan**

NOTICE OF NON-DISCRIMINATION

UnitedHealthcare Community Plan complies with Federal civil rights laws. UnitedHealthcare Community Plan does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

UnitedHealthcare Community Plan provides the following:

- Free aids and services to people with disabilities to help you communicate with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Free language services to people whose first language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, please call the toll-free member phone number listed on your member ID card.

If you believe that UnitedHealthcare Community Plan has not given you these services or treated you differently because of race, color, national origin, age, disability, or sex, you can file a grievance with Civil Rights Coordinator by:

Mail: Civil Rights Coordinator
UnitedHealthcare Civil Rights Grievance
P.O. Box 30608
Salt Lake City, UTAH 84130

Email: **UHC_Civil_Rights@uhc.com**

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights by:

Web: Office for Civil Rights Complaint Portal at
<https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>

Mail: U.S. Dept. of Health and Human Services
200 Independence Avenue SW, Room 509F, HHH Building
Washington, D.C. 20201

Phone: Toll-free 1-800-368-1019, 1-800-537-7697 (TDD)

We provide free services to help you communicate with us. Such as, letters in other languages or large print. Or, you can ask for an interpreter. To ask for help, please call Member Services at **1-866-265-1893**, TTY **711**, 8 a.m. – 6 p.m., Monday – Friday.

NOTIFICACIÓN DE LA NO-DISCRIMINACIÓN

UnitedHealthcare Community Plan cumple con los requisitos fijados por las leyes Federales de los derechos civiles. UnitedHealthcare Community Plan no excluye a las personas o las trata de manera diferente debido a su raza, color, nacionalidad, edad, discapacidad o sexo.

UnitedHealthcare Community Plan provee lo siguiente:

- Asistencia y servicios gratuitos de ayuda para las personas con discapacidades en su comunicación con nosotros, con:
 - Intérpretes calificados en el lenguaje de señas
 - Información por escrito en diferentes formatos (letras de mayor tamaño, audición, formatos electrónicos accesibles, otros formatos)
- Servicios gratuitos con diversos idiomas para personas para quienes el inglés no es su lengua materna, como:
 - Intérpretes calificados
 - Información impresa en diversos idiomas

Si usted necesita estos servicios, por favor llame gratuitamente al número anotado en su tarjeta de identificación como miembro.

Si usted piensa que UnitedHealthcare Community Plan no le ha brindado estos servicios o le han tratado a usted de manera diferente debido a su raza, color, nacionalidad, edad, discapacidad o sexo, puede presentar una queja ante el Coordinador de los Derechos Civiles (Civil Rights Coordinator) haciéndolo por:

Correo: Civil Rights Coordinator
UnitedHealthcare Civil Rights Grievance
P.O. Box 30608
Salt Lake City, UTAH 84130

Correo electrónico: **UHC_Civil_Rights@uhc.com**

Usted también puede presentar una queja acerca de sus derechos civiles ante el Departamento de Salud y Servicios Humanos de los Estados Unidos, Oficina de Derechos Civiles, por:

Internet: Sitio en internet para la Oficina de Derechos Civiles en
<https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>

Correo: U.S. Dept. of Health and Human Services
200 Independence Avenue SW, Room 509F, HHH Building
Washington, D.C. 20201

Teléfono: Gratuitamente al 1-800-368-1019, 1-800-537-7697 (TDD)

Ofrecemos servicios gratuitos para ayudarle a comunicarse con nosotros. Tales como, cartas en otros idiomas o en letra grande. O bien, puede solicitar un intérprete. Para pedir ayuda, por favor llame a Servicios para Miembros al **1-866-265-1893**, TTY **711**, 8 a.m. a 6 p.m., de lunes a viernes.

Preferred Drug List

INTRODUCTION

UnitedHealthcare Community Plan is pleased to provide this Preferred Drug List (*PDL*) to be used when prescribing for patients covered by the pharmacy benefit plan offered by UnitedHealthcare Community Plan. The drugs listed in this *PDL* are intended to provide sufficient options to treat patients who require treatment with a drug from that pharmacologic or therapeutic class. The drugs listed in the UnitedHealthcare Community Plan *PDL* have been reviewed and approved by the Pharmacy and Therapeutics Committee. The drugs have been selected to provide the most clinically appropriate and cost-effective medications for patients who have their drug benefit administered through UnitedHealthcare Community Plan. It is also recognized there may be occasions where an unlisted drug is desired for proper medical management of a specific patient. In those infrequent instances, the unlisted medication may be requested through the prior authorization process.

The drugs represented have been reviewed by the Pharmacy and Therapeutics (P&T) Committee and are approved for inclusion. The *PDL* is reflective of current medical practice as of the date of review.

This edition incorporates drugs added to the *PDL* since the last edition as well as numerous revisions to the prescribing information based on changes in pharmacotherapy. Comments and suggestions from practicing physicians have also been incorporated to ensure that the UnitedHealthcare Community Plan *PDL* is reflective of current medical practice.

NOTICE

The information contained in this *PDL* and its appendices is provided by UnitedHealthcare Community Plan, solely for the convenience of medical providers. UnitedHealthcare Community Plan does not warrant or assure accuracy of such information nor is it intended to be comprehensive in nature.

This *PDL* is not intended to be a substitute for the knowledge, expertise, skill and judgment of the medical provider in their choice of prescription drugs.

UnitedHealthcare Community Plan assumes no responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

National guidelines can be found on the Web sites listed in the Web site section or go to the National Guideline Clearinghouse site at <http://www.guideline.gov>.

PREFACE

The UnitedHealthcare Community Plan *PDL* is organized by sections. Each section includes therapeutic groups identified by either a drug class or disease state.

Products are listed by generic name. Brand names are included as a reference to assist in product recognition. Unless exceptions are noted, generally all applicable dosage forms and strengths of the drug cited are included in the *PDL*. Generics should be considered the first line of prescribing.

The UnitedHealthcare Community Plan *PDL* covers selected over-the-counter (OTC) products. You are encouraged to prescribe OTC medications when clinically appropriate.

PHARMACY AND THERAPEUTICS (P&T) COMMITTEE

The P&T Committee includes physicians and pharmacists who are not employees or agents of UnitedHealthcare Community Plan or its affiliates. They must adhere to the Ethics Policy standards of the P&T Committee. UnitedHealthcare Community Plan medical directors and pharmacists also participate in the P&T Committee. The P&T Committee meets quarterly to discuss a variety of issues. Those issues pertaining to pharmaceutical selection and pharmacy program management are communicated quarterly. This newsletter is distributed to all participating physicians who have received the *PDL*. *PDL* decisions are also communicated quarterly on the UnitedHealthcare Community Plan internet site.

OUTPATIENT PRESCRIPTION DRUG BENEFIT-COVERED MEDICATIONS

Medically necessary outpatient prescription drugs are covered when prescribed by a provider licensed to prescribe federal legend drugs or medicines. Some items are covered only with prior authorization. Eligibility for Outpatient Prescription Drug Benefits is based on the individual member's benefit plan.

PRODUCT SELECTION CRITERIA

The P&T Committee considers clinical information on new-to-market drugs that are typically included in an outpatient pharmacy benefit. The evaluation includes all or part of the following:

- Safety
- Efficacy
- Comparison studies
- Approved indications
- Adverse effects
- Contraindications/Warnings/Precautions
- Pharmacokinetics
- Patient administration/compliance considerations
- Medical outcome and pharmaco-economic studies

When a new drug is considered for PDL inclusion, it will be reviewed relative to similar drugs currently included in the UnitedHealthcare Community Plan PDL. This review process may result in deletion of drug(s) in a particular therapeutic class in an effort to continually promote the most clinically useful and cost-effective agents.

All the information in the PDL is provided as a reference for drug therapy selection. Specific drug selection for an individual patient rests solely with the prescriber.

PDL PRODUCT DESCRIPTIONS

To assist in understanding which specific strengths and dosage forms are covered on the PDL, examples are noted below. The general principles shown in the examples can then usually be extended to other entries in the book. Any exceptions are noted in the drug list. There may also be a statement associated with a drug list that gives additional information about which specific products or dosage forms are covered.

Products covered include all strengths associated with the dosage form of the cited brand name product.

carvedilol Coreg

All strengths of Coreg would be covered by this listing.

Extended-release and delayed-release products require their own entry.

diltiazem sustained release CARDIZEM SR

Dosage forms covered will be consistent with the category and use where listed.

Neomycin/polymyxin B/ Cortisporin Hydrocortisone

As listed in the OTIC section, this is limited to the otic solution and suspension. From this entry the ophthalmic solution and ointment, and the topical cream cannot be assumed to be on the list unless there are entries for these products in the OPTHALMIC and DERMATOLOGY sections of the PDL.

When a strength or dosage form is specified, only the specified strength and dosage form is on the PDL. Other strengths/dosage forms of the reference product are not

citalopram 40 mg tabs Celexa tabs

DRUG TIERS

The drugs listed in the PDL have different tiers. The tiers are listed in the grid below.

Tier Name	Drug Tier
Tier 1	Generic
Tier 2	Brand

GENERIC SUBSTITUTION

The UnitedHealthcare Community Plan PDL **requires** generic substitution on the majority of products when a generic equivalent is available.

Generic substitution is a pharmacy action whereby a generic equivalent is dispensed rather than the brand name product. The PDL indicates generic availability in the "Covered Drug" column.

If a brand name drug is medically necessary, please submit a prior authorization request.

The UnitedHealthcare Community Plan MAC list sets a ceiling price for the reimbursement of certain multisource prescription drugs. This price will typically cover the acquisition of most generics but not branded versions of the same drug. The products selected for inclusion on the MAC list are commonly prescribed and dispensed and have usually gone through the FDA's review and approval process. An important consideration for generic substitution is the knowledge that all approvals of generic drugs by the FDA since 1984, and many generic approvals prior to 1984, have a showing of bioequivalence between the generic versions and the reference brand product. To gain FDA approval:

1. The generic drug must contain the same active ingredient(s), be the same strength and the same dosage form as the brand name product.
2. The FDA has given the generic an “A” rating compared to the branded product indicating bioequivalence, and has determined the generic is therapeutically equivalent to the reference brand. The ratings of generic drugs are available by referring to the FDA reference, Approved Drug Products with Therapeutic Equivalence Evaluations (Orange Book).

When the above two criteria are met, a generic can be substituted with the full expectation that the substituted product will produce the same clinical effect and safety profile as the prescribed product. Drug products that have a narrow therapeutic index (NTI) can also be guided by these principles. It is not necessary for the health care provider to approach any one therapeutic class of drug products (e.g., NTI drugs) differently from any other class, when there has been a determination of therapeutic equivalence by the FDA for the drug products under consideration. Also, additional clinical tests or examinations by the physician are not needed when a therapeutically equivalent generic drug product is substituted for the brand name product.

There are now many brand name products that are repackaged or distributed under a generic label. The generic label version should always be considered therapeutically equivalent and substitutable for the source branded product.

DRUG EFFICACY STUDY IMPLEMENTATION (DESI) DRUGS

Drugs first marketed between 1938 and 1962 were approved as safe but required no showing of effectiveness for FDA approval. Beginning in 1962, all new drugs were required to be both safe and effective before they could be marketed. This legislation also applied retroactively to all drugs approved as safe from 1938-1962. The DESI program was established by the FDA to review the effectiveness of these pre-1962 drugs for their labeled indications, and a determination of “fully effective” was made for most of these products and they remain in the marketplace. A few DESI products remain classified as “less than fully effective” while awaiting final administrative disposition. Also, classified as DESI are many products listed as identical, similar, or related to actual DESI products. UnitedHealthcare Community Plan’s PDL does not cover DESI “less than fully effective” drug products.

PLAN EXCLUSIONS

The following drug categories are excluded from coverage under the outpatient pharmacy benefit and are not part of the UnitedHealthcare Community Plan PDL.

- DESI drugs
- Anti-obesity agents
- Experimental / research drugs

- Cosmetic drugs
- Nutritional / diet supplements
- Blood and blood plasma products
- Agents used for erectile dysfunction
- Agents used for cosmetic hair growth
- Drugs from manufacturers that do not participate in the FFS Medicaid Drug Rebate Program
- Diagnostic products
- Medical supplies and DME except as listed: insulin syringes, insulin needles, lancets, alcohol swabs, spacers, preferred diabetes test strips, peak flow meters (Astech, Assess, Peak Air brands, max two per year), vaporizer (limit of 1 per 3 years), humidifier (limit of 1 per 3 years)

DAYS SUPPLY DISPENSING LIMITATIONS

UnitedHealthcare Community Plan members may receive up to a one-month supply of a specific medication per prescription order or prescription refill. A medication may be reordered or refilled when ninety percent (90%) of the medication has been utilized for a controlled substance and eighty-five percent (85%) of the medication has been utilized for a non-controlled substance. If a claim is submitted before 90% of the medication has been used for a controlled substance or submitted before 85% of the medication has been used for a non-controlled substance, based on the original day supply submitted on the claim, the claim will reject with a “refill too soon” message.

MANDATORY GENERIC SUBSTITUTION

The UnitedHealthcare Community Plan *PDL* requires mandatory generic substitution on the vast majority of products when a generic equivalent is available; however, brand name drugs may be covered in certain situations by requesting a prior authorization. The UnitedHealthcare Community Plan *PDL* prior authorization (PA) list does not include branded items where a generic equivalent is covered.

PRIOR AUTHORIZATION OF NON-PDL MEDICATIONS

The drugs in the UnitedHealthcare Community Plan PDL have been selected to provide the most clinically appropriate and cost-effective medications for patients who have their drug benefit administered through UnitedHealthcare Community Plan. It is also recognized that there may be occasions where an unlisted drug is desired for the proper medical management of a specific patient. In those infrequent instances, the prior authorization process reviews requests for unlisted medications the physician may consider medically necessary for patient management.

Requests for these exceptions should be either made in writing by the physician and faxed or called into:

**UnitedHealthcare Community Plan
Pharmacy Services Department
Fax 866-940-7328
Phone 800-310-6826**

A prior authorization request form is available in the UnitedHealthcare Community Plan provider manual and should be used for all prior authorization requests if possible. Appropriate documentation must be provided to support the medical necessity of the non-PDL request. The UnitedHealthcare Community Plan Pharmacy Department will respond to all requests in accordance with state requirements.

Physicians are requested to adhere to this PDL when prescribing for patients covered by their pharmacy benefit plan offered by UnitedHealthcare Community Plan. If a pharmacist receives a prescription for a non-PDL drug, the pharmacist should contact the prescribing physician and request that the prescription be changed to a medication included in this PDL. If a PDL alternative is not appropriate the physician should then be instructed to contact the Plan for a prior authorization.

Please contact the UnitedHealthcare Community Plan Pharmacy Prior Notification Service at 800-310-6826 with questions concerning the prior authorization process.

QUANTITY LIMITATIONS (QL)

Prescriptions for monthly quantities greater than the indicated limit require a prior authorization request.

Quantity limits based on Efficient Medication Dosing

The Efficient Medication Dosing Program is designed to consolidate medication dosage to the most efficient daily quantity to increase adherence to therapy and also promote the efficient use of health care dollars.

The limits for the program are established based on FDA approval for dosing and the availability of the total daily dose in the least amount of tablets or capsules daily. Quantity Limits in the prescription claims processing system will limit the dispensing to consolidate dosing. The pharmacy claims processing system will prompt the pharmacist to request a new prescription order from the physician.

Specialty Pharmaceutical Management Program

UnitedHealthcare Community Plan is continuously looking for ways to provide high quality cost effective care for Plan members. The Specialty Pharmaceutical Management Program helps UnitedHealthcare Community Plan to achieve these goals. Injectable medications that are part of this program require plan authorization and are not available through the retail pharmacy network.

To obtain authorization, the provider must submit the appropriate Prior Authorization form to the UnitedHealthcare Community Plan Pharmacy Department via fax at 866-940-7328.

The UnitedHealthcare Community Plan Pharmacy Department will review and respond to all requests in accordance with state requirements, and if authorized for payment, UnitedHealthcare Community Plan will coordinate the delivery of the product to the member or provider.

Drugs that are part of this program and are on the PDL are identified in this booklet by the designation "SP". Prior Authorization request forms can be requested by calling the UnitedHealthcare Community Plan Pharmacy Department at 800-310-6826.

MEDICATIONS REQUIRING DIAGNOSIS

UnitedHealthcare Community Plan requires that the diagnosis for prescriptions in certain classes match the FDA-approved use or a use supported by current published evidence. Drugs in scope will list "Diagnosis required" in the Requirements and Limits or with the drug class name on the PDL.

The diagnosis will be verified at the point-of-sale by the pharmacy claims processing system. If a matching diagnosis is not found in the medical claim file or on the pharmacy drug claim, the prescription will be rejected at the pharmacy. The pharmacist may then contact the prescriber to verify the diagnosis and submit it on the claim.

If the diagnosis provided still does not match the approved use, prior authorization may be requested through the standard process by faxing a request to 866-940-7328.

STEP THERAPY (ST)

The following PDL drugs are routinely covered only after a sufficient trial of an indicated first-line agent has been adequately tried and failed. These medications may also be requested through the Prior authorization process. While lower cost PDL alternatives may be appropriate in many instances, other non- PDL alternatives are available with prior authorization (PA).

STEP Drug	First-Line Agent(s)
Amerge	Trial at a minimum dose of 50mg of sumatriptan tablets.
Aricept 23mg	90 day trial of Aricept 10mg daily
Breo Ellipta	1) 30 day trial of one inhaled corticosteroid (e.g. Arnuity Ellipta, Asmanex) OR 2) 30 day trial of a longacting beta2- agonist (e.g. Arcapta, Striverdi) OR 30 day trial of an orally inhaled anticholinergic agent (e.g. Incruse Ellipta, Atrovent, Combivent, Anoro Ellipta)..
calcipotriene	Trial of two medium to high potency

cream & oint 0.005%	corticosteroids
calcitriol 3mcg/gm	Trial of two medium to high potency corticosteroids
DPP4 Inhibitors (Nesina, Kazano, Oseni)	At least a 90 day trial of 1500mg/day of metformin.
Elidel	Minimum age of 2. Trial of one topical corticosteroid.
Eucria	Trial of a topical steroid AND one of the following: Elidel cream or tacrolimus ointment
fenofibrate	Fill of a statin or 90 days of gemfibrozil within the previous 180 days.
GLP-1 Agonists (Adlyxin, Trulicity)	At least a 90 day trial of 1500mg/day of metformin
GLP-1/Insulin Combinations (Soliqua)	Trial of one drug from the following classes: GLP-1 or Basal Insulin
Optivar	14 day trial of ketotifen within previous 90 days required first.
Ranexa	Trial of one drug from the following classes: beta blockers, calcium channel blockers, long acting nitrates
Renvela	8 week trial of calcium acetate
tacrolimus 0.03%	Minimum age of 2. Trial of one topical corticosteroid.
tacrolimus 0.1%	Minimum age of 16. Trial of one topical corticosteroid
tolterodine	30 day trial of oxybutynin immediate or extended release. Step Therapy only applies to members less than 65 years of age.
tretinoin Cream (tretinoin cream 0.025%, 0.05%, 0.1%, and Avita cream 0.025%)	Trial of Differin OTC Gel 0.1%.
trospium	30 day trial of oxybutynin immediate or extended release. Step Therapy only applies to members less than 65 years of age.

Uloric 8 week trial of up to 600mg of allopurinol required first.

Xopenex Respules 30 day trial of Albuterol .083% or .5% respules.

PDL SUGGESTIONS

Providers who wish to propose PDL suggestions should forward the information to the UnitedHealthcare Community Plan Director of Pharmacy Services by either mail or fax.

Attn: Director of Pharmacy Services
UnitedHealthcare Community Plan
2 Allegheny Center
Suite 600
Pittsburgh, PA 15212
Phone: 800-310-6826
Email: pdl_management@uhc.com

Providers should furnish adequate documentation, such as clinical studies from the medical literature, in order for the request to be considered for PDL addition. This literature should include information documenting clinical necessity as well as therapeutic advantages over current PDL products. Suggestions received by UnitedHealthcare Community Plan will be reviewed by the Pharmacy and Therapeutics Committee at the subsequent P&T Committee meeting.

EDITOR

Your comments and suggestions regarding the UnitedHealthcare Community Plan PDL are encouraged. Your input is vital to this PDL's continued success. All responses will be reviewed and considered. Please send your comments to:

UnitedHealthcare Community Plan by

Anti-HIV Agents, Nucleoside and Nucleotide Reverse Transcriptase Inhibitors (NRTI).....	42
Anti-HIV Agents, Nucleoside and Nucleotide Reverse Transcriptase Inhibitors (NRTI) - HIV Drugs.....	43
Anti-HIV Agents, Other - HIV Drugs.....	43
Anti-HIV Agents, Protease Inhibitors - HIV Drugs.....	44
Anti-Inflammatories, Inhaled Corticosteroids - Asthma/Lung Drugs.....	45
Anti-Influenza Agents - Flu Drugs.....	47
Antileukotrienes - Asthma/Lung Drugs.....	47
Antimetabolites - Chemotherapy Agents.....	47
Antimycobacterials, Other - Miscellaneous Anti-Infectives.....	47
Antineoplastics, Other - Chemotherapy Agents.....	48
Anti-Obesity Agents - Drugs for Weight Loss.....	48
Antiparkinson Agents - Parkinson's Disease Drugs.....	49
Antiparkinson Agents, Other - Parkinson's Disease Drugs.....	49
Antiprotozoals - Protozoal Infection Drugs.....	49
Antispasmodics, Gastrointestinal - Stomach and Intestine Drugs.....	50
Antispasmodics, Urinary - Bladder Control Drugs.....	50
Antithyroid Agents - Thyroid Suppressing Drugs.....	50
Antituberculars - Tuberculosis Drugs.....	51
Antivirals - Drugs to Treat Viral Infections.....	51
Anxiolytics, Other - Anxiety Drugs.....	51
Aromatase Inhibitors, 3rd Generation - Chemotherapy Agents.....	51
Attention Deficit Hyperactivity Disorder Agents, Amphetamines - ADHD Drugs.....	52
Attention Deficit Hyperactivity Disorder Agents, Non-amphetamines - ADHD Drugs.....	53
Benign Prostatic Hypertrophy Agents - Prostate Drugs.....	53
Benzodiazepines - Anxiety Drugs.....	54
Beta-adrenergic Blocking Agents - Blood Pressure Drugs.....	55
Beta-Lactam, Cephalosporins - Antibiotics.....	55
Beta-Lactam, Penicillins - Antibiotics.....	56
Blood Formation Modifiers - Blood Formation Drugs.....	56
Bronchodilators, Anticholinergic - Asthma/Lung Drugs.....	57
Bronchodilators, Sympathomimetic - Asthma/Lung Drugs.....	58
Calcitonin Gene-Related Peptide (CGRP) Receptor Antagonist - Migraine Drugs.....	58
Calcium Channel Blocking Agents - Blood Pressure Drugs.....	59
Calcium Channel Modifying Agents - Seizure Control Drugs.....	59
Cardiovascular Agents, Other.....	60
Cardiovascular Agents, Other - Miscellaneous Cardiac Drugs.....	60
Central Nervous System, Other - Miscellaneous Central Nervous System Drugs.....	61
Cholinesterase Inhibitors - Alzheimer's Disease and Dementia Drugs.....	61

Cystic Fibrosis Agents - Drugs to treat Cystic Fibrosis.....	62
Dental and Oral Agents - Drugs to Treat Mouth and Throat Conditions.....	63
Dermatitis and Pruitus Agents.....	63
Dermatological Agents - Drugs to Treat Skin Conditions.....	64
Dermatological Agents - Skin Agents.....	67
Diabetes - Glucose Monitoring.....	68
Diuretics, Loop - Cardiac Drugs.....	71
Diuretics, Potassium-sparing - Cardiac Drugs.....	72
Diuretics, Thiazide - Cardiac Drugs.....	72
Dopamine Agonists - Parkinson's Disease Drugs.....	72
Dopamine Precursors/L-Amino Acid Decarboxylase Inhibitors - Parkinson's Disease Drugs.....	73
Dyslipidemics, Fibric Acid Derivatives - Cholesterol Control Drugs.....	73
Dyslipidemics, HMG CoA Reductase Inhibitors - Cholesterol Control Drugs.....	73
Dyslipidemics, Other - Miscellaneous Cholesterol Control Drugs.....	74
Electrolyte/Mineral Replacement - Vitamin, Mineral and Body Fluid Deficiency Drugs.....	75
Electrolyte/Mineral/Metal Modifiers.....	87
Emetogenic Therapy Adjuncts - Nausea and Vomiting Drugs.....	87
Enzyme Inhibitors - Chemotherapy Agents.....	87
Enzyme Replacements/Modifiers - Enzyme Replacements/Modifying Drugs.....	88
Ergot Alkaloids - Migraine Drugs.....	88
Estrogens - Hormone Replacement/Modifying Drugs.....	89
Eye, ear, nose and throat drugs, misc.....	95
Fibromyalgia Agents - Drugs to Treat Muscle and Soft Tissue Pain.....	95
GABA Receptor Modulators - Drugs for Sleeping.....	96
Gamma-Aminobutyric Acid (GABA) Augmenting Agents - Seizure Control Drugs.....	96
Gastrointestinal Agents, Other - Miscellaneous Gastrointestinal Drugs.....	97
Genetic or Enzyme Disorder: Replacement, Modifiers, Treatment.....	106
Genetic or Enzyme or Protein Disorder: Replacement, Modifiers, Treatment.....	106
Genitourinary Agents, Other - Miscellaneous Bladder, Genital, and Kidney Conditions Drugs.....	107
Glucocorticoids - Drugs to Treat Inflammation.....	107
Glutamate Reducing Agents - Seizure Control Drugs.....	108
Glycemic Agents - Diabetic Drugs.....	109
Hemostasis Agents - Drugs to Stop Bleeding.....	109
Histamine2 (H2) Receptor Antagonists - Ulcer and Stomach Acid Drugs.....	110
Hormonal Agents, Stimulant/Replacement/Modifying (Adrenal) - Hormone Replacement/Modifying Drugs.....	111
Hormonal Agents, Stimulant/Replacement/Modifying (Pituitary) - Hormone Replacement/Modifying Drugs.....	114
Hormonal Agents, Stimulant/Replacement/Modifying (Prostaglandins) - Hormone Replacement/Modifying Drugs.....	115
Hormonal Agents, Stimulant/Replacement/Modifying (Thyroid) - Thyroid Replacement Drugs.....	115
Hormonal Agents, Suppressant (Adrenal) - Drugs to Regulate Hormones.....	115
Hormonal Agents, Suppressant (Pituitary) - Hormone Suppressants.....	116

Immune Suppressants.....	117
Immune Suppressants - Immune System Drugs.....	117
Immunizing Agents, Passive - Immune System Drugs.....	119
Immunological Agents, Other.....	119
Immunomodulators - Immune System Drugs.....	120
Insulins - Diabetic Drugs.....	121
Irritable Bowel Syndrome Agents - Bowel Treatment Drugs.....	122
Laxatives - Bowel Treatment Drugs.....	123
Laxatives - Drugs to treat Constipation.....	126
Local Anesthetics.....	131
Macrolides - Antibiotics.....	132
Mast Cell Stabilizers - Drugs for the Lungs.....	132
Metabolic Bone Disease Agents - Osteoporosis (Bone Loss) Drugs.....	133
Metabolic Bone Disease Agents - Other.....	133
Mineralocorticoid Receptor Antagonists.....	133
Miscellaneous Therapeutic Agents.....	134
Molecular Target Inhibitors - Chemotherapy Agents.....	139
Monoamine Oxidase B (MAO-B) Inhibitors - Parkinson's Disease Drugs.....	141
Monoamine Oxidase Inhibitors - Antidepressants.....	141
Monoclonal Antibodies - Chemotherapy Agents.....	141
Mood Stabilizers - Mood Disorder Drugs.....	142
Multiple Sclerosis Agents.....	142
Multiple Sclerosis Agents - Multiple Sclerosis Drugs.....	143
N-methyl-D-aspartate (NMDA) Receptor Antagonist - Alzheimer's Disease and Dementia Drugs.....	144
Nonsteroidal Anti-Inflammatory Drugs - Pain/Anti-Inflammatory Drugs.....	144
Ophthalmic Agents, Other - Miscellaneous Eye Drugs.....	148
Ophthalmic Anti-allergy Agents - Allergy, Infection and Inflammation Drugs.....	152
Ophthalmic Antibiotics - Drugs to treat Eye Infections.....	152
Ophthalmic Antiglaucoma Agents - Glaucoma Drugs.....	153
Ophthalmic Anti-Inflammatories - Allergy, Infection and Inflammation Drugs.....	154
Ophthalmic Antivirals - Drugs to treat Eye Infections.....	154
Ophthalmic Prostaglandin and Prostanoid Analogs - Glaucoma Drugs.....	154
Opioid Analgesics, Long-acting - Opioid Pain Relievers.....	155
Opioid Analgesics, Short-acting - Opioid Pain Relievers.....	155
Opioid Dependence Treatments - Antidotes/Deterrents/Protectants.....	156
Opioid Reversal Agents - Antidotes/Deterrents/Protectants.....	157
Otic Agents - Drugs for the Ear.....	157
Otic Agents - Drugs to Treat Ear Conditions.....	157
Parasympathomimetics - Myasthenia Gravis Drugs.....	157
Pediculicides/Scabicides - Scabies and Lice Drugs.....	158

Phosphate Binders - Phosphate-Removing Agents.....	158
Phosphodiesterase Inhibitors, Airways Disease - Drugs for the Lungs.....	159
Platelet Modifying Agents - Platelet Modifying Drugs.....	159
Progesterone Agonists/Antagonists - Hormone Replacement/Modifying Drugs.....	159
Progestins.....	160
Progestins - Hormone Replacement/Modifying Drugs.....	160
Protectants - Ulcer and Stomach Acid Drugs.....	161
Proton Pump Inhibitors - Ulcer and Stomach Acid Drugs.....	162
Pulmonary Antihypertensives - Asthma/Lung Drugs.....	163
Pulmonary Fibrosis Agents - Drugs to treat Pulmonary Fibrosis.....	163
Quinolones - Antibiotics.....	164
Respiratory Tract Agents, Other - Asthma/Lung Drugs.....	164
Respiratory Tract/Pulmonary Agents - Drugs to Treat Allergies, Cough, Cold and Lung Conditions.....	173
Retinoids - Chemotherapy Agents.....	176
Selective Estrogen Receptor Modifying Agents - Hormone Replacement/Modifying Drugs.....	176
Serotonin (5-HT) Receptor Agonists - Migraine Drugs.....	176
Skeletal Muscle Relaxants - Drugs for Muscle Pain and Spasm.....	177
Skeletal Muscle Relaxants - Pain/Swelling Management Drugs.....	177
Sleep Disorders, Other - Drugs for Sleeping.....	177
Smoking Cessation Agents - Deterrents.....	178
Sodium Channel Agents - Seizure Control Drugs.....	180
SSRIs/SNRIs (Selective Serotonin Reuptake Inhibitors/Serotonin and Norepinephrine Reuptake Inhibitor) - Antidepressants.....	181
Sulfonamides - Antibiotics.....	181
Tetracyclines - Antibiotics.....	182
Therapeutic Nutrients/Minerals/Electrolytes - Drugs to Treat Vitamin, Mineral and Body Fluid Deficiencies.....	182
Treatment Adjuncts - Supportive Chemotherapy Drugs.....	182
Treatment-Resistant - Mood Disorder Drugs.....	182
Tricyclics - Antidepressants.....	183
Vaccines.....	183
Vasodilators, Direct-acting Arterial - Chest Pain Drugs.....	185
Vasodilators, Direct-acting Arterial/Venous - Chest Pain Drugs.....	185
Vitamins.....	186

Preferred Agents	Non-Preferred Agents
------------------	----------------------

1st Generation/Typical - Mood Disorder Drugs	
--	--

Antipsychotics - Drugs to Treat Mood Disorders	
--	--

chlorpromazine hcl oral tablet - Tier 1; QL
fluphenazine decanoate injection - Tier 1; QL
fluphenazine hcl injection - Tier 1
fluphenazine hcl oral concentrate - Tier 1
fluphenazine hcl oral elixir - Tier 1
fluphenazine hcl oral tablet - Tier 1; QL
haloperidol decanoate intramuscular - Tier 1; QL
haloperidol oral - Tier 1; QL
loxapine succinate - Tier 1; QL
pimozide - Tier 1; CH; QL; AL
thioridazine hcl oral - Tier 1; QL
thiothixene - Tier 1; QL
trifluoperazine hcl - Tier 1; QL

2nd Generation/Atypical - Mood Disorder Drugs	
---	--

Antipsychotics - Drugs to Treat Mood Disorders	
--	--

ABILIFY ASIMTUFII - Tier 2; PA; QL; AL
ABILIFY MAINTENA - Tier 2; DX2RX; ST; QL; AL
aripiprazole oral tablet (generic for ABILIFY) - Tier 1; QL; AL
ARISTADA - Tier 2; DX2RX; ST; QL; AL
INVEGA HAFYERA - Tier 2; QL; AL
INVEGA SUSTENNA - Tier 2; DX2RX; ST; QL; AL
INVEGA TRINZA - Tier 2; DX2RX; QL; AL
lurasidone hcl (generic for LATUDA) - Tier 1; QL; AL
olanzapine oral tablet (generic for ZYPREXA) - Tier 1; QL; AL
olanzapine oral tablet dispersible - Tier 1; QL; AL
paliperidone er (generic for INVEGA) - Tier 1; QL; AL
PERSERIS - Tier 2; DX2RX; ST; QL; AL
quetiapine fumarate (generic for SEROQUEL) - Tier 1; QL; AL
quetiapine fumarate er (generic for SEROQUEL XR) - Tier 1; QL; AL
risperidone microspheres er (generic for RISPERDAL CONSTA) - Tier 1; DX2RX; ST; QL; AL

aripiprazole oral solution - Tier 1; PA; QL; AL
ARISTADA INITIO - Tier 2; PA; QL; AL
CAPLYTA - Tier 2; PA; QL; AL
FANAPT - Tier 2; PA; QL; AL
GEODON ORAL (brand for ziprasidone hcl) - Tier 2; PA; QL; AL
INVEGA (brand for paliperidone er) - Tier 2; PA; QL; AL
LATUDA (brand for lurasidone hcl) - Tier 2; PA; QL; AL
REXULTI - Tier 2; PA; QL; AL
RISPERDAL CONSTA (brand for risperidone microspheres er) - Tier 2; DX2RX; ST; QL; AL
RISPERDAL ORAL SOLUTION (brand for risperidone) - Tier 2; PA; Members >= 8 years of age will require PA; QL; AL
RISPERDAL ORAL TABLET (brand for risperidone) - Tier 2; PA; QL; AL
SAPHRIS (brand for asenapine maleate) - Tier 2; PA; QL; AL
SEROQUEL (brand for quetiapine fumarate) - Tier 2; PA; QL; AL
VERSACLOZ - Tier 2; PA; QL; AL

Tier 1: Generic; Tier 2: Brand; AL: Limited to members of a certain age; CH: Oral Chemotherapy Drug; DME: Durable Medical Equipment; DX2RX: DiagnosisRequired; GE: Gender Limit; OTC: Over-the-Counter; PA: Prior Auth Required; PD:Preventative Drug; QL: Quantity Limit; SP: Specialty Medication; ST: StepTherapy
