

Preventive Services

Description

This guideline addresses a collection of evidence-based recommendations on clinical preventive services such as screenings, counseling services, and preventive medications. For commercial plans, also refer to the Medical Policy titled [Preventive Care Services](#). UnitedHealthcare uses evidence-based clinical guidelines from nationally recognized sources during review of our quality and health management programs. Recommendations contained in clinical practice guidelines are not a guarantee of coverage. Members should consult their member-specific benefit plan document for information regarding covered benefits.
