

ZUnitedHealthcare Pharmacy  
Clinical Pharmacy Programs

Program Number	2025 P 1248-9
Program	Prior Authorization/Notification
Medication	Palynziq™ (pegvaliase-pqpz)
P&T Approval Date	7/2018, 7/2019, 7/2020, 7/2021, 7/2022, 7/2023, 7/2024, 6/2025, 11/2025
Effective Date	2/1/2026

**1. Background:**

Palynziq is a phenylalanine-metabolizing enzyme indicated to reduce blood phenylalanine concentrations in adult patients with phenylketonuria who have uncontrolled blood phenylalanine concentrations greater than 600 micromol/L on existing management.

**2. Coverage Criteria<sup>a</sup>:**

**A. Initial Authorization**

1. **Palynziq** will be approved based on **all** of the following criteria:

a. Diagnosis of phenylketonuria (PKU)

-AND-

b. Patient has a blood phenylalanine concentration greater than 600 micromol/L

-AND-

c. Patient is actively on a phenylalanine-restricted diet

-AND-

d. Patient is not receiving Palynziq in combination with sapropterin dihydrochloride or Sephience (sepiapterin)

**Authorization will be issued for 12 months.**

**B. Reauthorization**

1. **Palynziq** will be approved based on **all** of the following criteria:

a. Documentation of positive clinical response (e.g., blood phenylalanine concentration less than 600 micromol/L, 20% reduction in blood phenylalanine concentration from pre-treatment baseline)

-AND-

b. Patient is actively on a phenylalanine-restricted diet

**-AND-**

- c. Patient is not receiving Palynziq in combination with sapropterin dihydrochloride or Sepiencie (sepiapterin)

**Authorization will be issued for 12 months.**

<sup>a</sup> State mandates may apply. Any federal regulatory requirements and the member specific benefit plan coverage may also impact coverage criteria. Other policies and utilization management programs may apply.

**3. Additional Clinical Rules:**

- Notwithstanding Coverage Criteria, UnitedHealthcare may approve initial and re-authorization based solely on previous claim/medication history, diagnosis codes (ICD-10) and/or claim logic. Use of automated approval and re-approval processes varies by program and/or therapeutic class.
- Medical Necessity and supply limits may also be in place.

Program	Prior Authorization/Notification - Palynziq (pegvaliase-pqpz)
<b>Change Control</b>	
7/2018	New program
7/2019	Annual review with no change to coverage criteria.
7/2020	Annual review with no change to coverage criteria.
7/2021	Annual review with no change to coverage criteria. Reference updated.
7/2022	Annual review with no change to coverage criteria. Removed Brand name Kuvan. Added state mandate disclaimer.
7/2023	Annual review with no change to coverage criteria.
7/2024	Annual review. Simplified reauthorization criteria to standard documentation of positive clinical response language.
6/2025	Annual review with no change to coverage criteria.
11/2025	Added Sepiencie to combination use criteria. Updated references.
